

Cache

The following files provide access to routinely updated full datasets. Use of these files is recommended instead of making excessively large or frequent custom queries, simplifying access to larger datasets, reducing system load, and improving access for all. All files are gzipped compressed text data.

Filename	Description	Update frequency
/data/cache/metars.cache.xml.gz	All current METARs (XML)	Once a minute
/data/cache/metars.cache.csv.gz	All current METARs (CSV)	Once a minute
/data/cache/tafs.cache.xml.gz	All current TAFs (XML)	Every 10 minutes
/data/cache/airsigmets.cache.xml.gz	All current CONUS SIGMETs (XML)	Once a minute
/data/cache/airsigmets.cache.csv.gz	All current CONUS SIGMETs (CSV)	Once a minute
/data/cache/gairmets.cache.xml.gz	All current CONUS G-AIRMETs (XML)	Once a minute
/data/cache/aircraftreports.cache.xml.gz	All current AIREPs/PIREPs (XML)	Once a minute
/data/cache/aircraftreports.cache.csv.gz	All current AIREPs/PIREPs (CSV)	Once a minute
/data/cache/stations.cache.xml.gz	Stations listing (XML)	Once a day
/data/cache/stations.cache.json.gz	Stations listing (JSON)	Once a day
